One day Guest lecture on
Advanced Concepts in Web Technologies
28 January 2016

Submitted by: Mr. Sreenath Reddy, Assistant Professor, Department of Electronics and Communication Engineering

A guest lecture on "**Advanced Concepts in Web Technologies**" was organized by Department of Electronics and Communication Engineering for III & IV B.E. and PG students. The lecture was delivered on 28th January 2016 at department seminar hall from 2:30 pm to 4:30 pm. The guest speaker was **Mr. Sarin, director of " GUPTHA Engineering Pvt. Ltd", Cochin**– an eminent resource person in web technologies has given the guest lecture. All the III year, IV year and M.tech students of ECE, the students of other branches interested in web technologies, Web technologies research group members and other faculty of the MITS, Madanapalle attended the guest lecture.

In his lecture he discussed about the present trends in web technologies and emphasized the importance of core java programming and JSP. He also explained the students what are the concepts that the present software companies are looking for and he has given a brief overview of the importance of MVC1 and MVC2 architectures how they can be used, along with the design patterns. He also has given an introduction about the Android applications with live execution.
