One day Guest lecture on
Effect of Laser in Communication Fundamentals
14 September 2015

Guest speaker: Prof. Basava Reddy, NTT Technologies, Bangalore.

Submitted by: Dr. S. Javeed Hussain, Associate Professor, Department of Electronics and Communication Engineering

A guest lecture on “**Effect of Laser in Communication Fundamentals**” was organized by Department of Electronics and Communication Engineering for IV B.E. students. The lecture was delivered on 14th September 2015 at department class room 206, to enhance the understanding of laser beams in wave propagation, which is a part of the subject “Communication Engineering” from JNTU syllabus. The guest speaker was Prof. Basava Reddy, NTT Technologies, Bangalore. The lecture delivered was highly appreciated both by students and faculty.

The event started with invocation song followed by a welcome address. The guest lecture was preceded by a short talk by the Vice-Principal of MITS. In his talk he emphasized the importance of basic science & research for the developments of engineering applications with specific examples in the case of lasers. The lecture started around 2:15 and ended around 3:45 PM. The lecture was received with admiration by the students and they also found the slides appropriate. The event ended with honorarium to the guests and vote of thanks.
