**Report on**  
**The Excitement of Combining Research, Innovation and Entrepreneurship**  
**28 August 2018**

**Submitted by: Dr. Arun Nellaiappan T, Sr. Assistant Professor, Department of Mechanical Engineering**

Dr. S.Thamizhmanii introduced the guest lecturer Dr. R. Sunder, one of the co-founders of **Bangalore Integrated System Solutions (P) Ltd.(BISS)**. Next, followed a speech by Prof. Suryanarayana Raju, HoD of Mechanical Engineering. Dr.PBN Prasad, Associate Director R & D also spoke at length. The program started with lighting of lamp by all of them including the students. The students from mechanical engineering attended the lecturer.

Dr.Sunder shared his experience with the audience about the progression of his career from scratch to one of the equipment and component suppliers to defence and other automobile companies. He established a production unit in Bangalore with latest state- of-the-art equipment to produce very precise components for defence and space applications.

He delivered an interesting talk on innovation, important and need for entrepreneurial leadership and research activity. He advised the students to concentrate more on concepts, and gain practical knowledge. He explained how his company recruit the students from institutes and the selection process for the company. Dr.R. Sunder answered many queries raised by students. Dr. Arun Nellaipan proposed vote of thanks.

Later, Dr.Sunder visited all the labs in the department.
