

Engineers' day celebrations report (15th September 2015)

With the encouragement and continuous support of our management and our principal, our college conducted competitions among the students on the occasion of Engineers' Day. The competitions like Essay Writing, Elocution, Group Discussion and Drawing were conducted on 11-09-2015. Students from all the branches were enthusiastically participated in these events. On the whole 123 students (Essay Writing -40; Drawing – 30; Group Discussion – 40; and Elocution – 13) were participated in these events. Each competition was assessed by two judges, based upon the judgement 1st, 2nd and 3rd places were announced and the prizes were distributed accordingly.

Furthermore, on 15th September 2015 project exhibition and presentations were also conducted. Students from different branches exhibited about 20 projects in mini-seminar hall. However, the presentations were restricted only to the civil engineering branch and 20 students were participated for the presentations. For project exhibition and presentations 1st and 2nd prizes were given.

On 15th September 2015 at 4:00 pm a function was held in main seminar hall. Sri. S. Haribabu, Retired Executive Engineer from Irrigation department, Anantapuramu district attended as a chief guest for this function and Dr. Y. Amarnath from Civil Engineering Department acted as a program coordinator and both were addressed the gathering. Furthermore, Vice Principal Prof G. Hampamma; Senior Engineer Sri A. Srinivasulu and Dean RRC Prof N. Kumara Swami were also addressed the gathering. The speakers enlightened the facts of Sir M. Visvesvaraya's life and emphasized for the need of innovative and needful thinking to become as a successful engineer.

As a Coordinator, I am very thankful to our correspondent for allowing me to conduct such a useful program, which facilitated and encouraged the students to show their different capabilities and improve their skills. Furthermore, I am very thankful to our Principal Prof. C. Yuvaraju for his continuous assistance, support and help in conducting this program. I extend my thanks to all HoDs and all MITS teaching and non-teaching faculty for their help in conducting this program successfully. I feel very happy to convey my whole-hearted thanks to our beloved students for their enthusiasm to participate in the competitions and for support and help that they have provided to me in organizing various events and making this event successful.
