Abhishek Pasupulate

Abhishek Pasupulate is currently pursuing his undergraduate degree in the branch of Electrical and Electronics Engineering at Madanapalle Institute of Technology and Science. He was born and brought up in Madanapalle, India. He is a techno-driven person, who always thinks of serving society with his skills. Abhishek is outgoing and can interact easily with students and faculty as well. This nature throws open his abilities to complete projects with faculty on computer clustering and IoT. One of his projects is being installed on the campus.

He is responsible with spirit, sophistication and joy collaborate with any age group. He likes to share his ideas and views with his peers and thinks about innovatively solving problems. He is gifted with good leadership and managing skills and conducted eight technical workshops on his campus in collaboration with Studyowl.in, developer's weekend and many more. He also provided internships to students on Full-stack Web Development in Developer's Weekend.

He is the Student Coordinator/HR of Entrepreneurship Development Cell of MITS and Student Council member of MITS Clubs. He was a delegate for IIT Delhi for BeaCon 2019 E-Summit. His dream is to innovate and create a socially useful product and to start his own company.

IMG 20180105 112749 Bokeh.jpg

He is techno savvy and passionate to work with the gadgets. He believes that technology can solve many problems. Feels strongly that most of the students lack conceptual clarity, he wants to introduce the Virtual Reality concept in the field of education so that it makes the learning easier and effective. He always wanted to motivate students in the field of Entrepreneurship and innovation. He believes everyone is born with some creativity. When people get inspired the individual latent talent would pop up. As a part to this, he participates in college seminars, workshops and other programs spreading awareness. He feels it is his responsibility to take up the cause. Automation and using the Artificial Intelligence is his main aim. He feels that making this at an affordable cost can change present trends. His goal is to do such a start-up in this field. In addition to this, he will attend the social meetings conducted by NSS organization in the campus and promotes peer awareness in sharing the knowledge.

Preethi Koduru

Preethi Koduru is pursuing her undergraduate course in the stream of Electrical & Electronics Engineering at Madanapalle Institute of Technology & Science. She is a girl who is passionate about becoming an entrepreneur. Being sensitive to the environment, she would like to give an impetus to the wind energy conversion system. She is presently working on this idea and wants to utilize this knowledge to her start-up. The experience gained in Indian Institute of Technology-Bombay during her internship has motivated her towards the wind energy conversion systems.

Dissemination of knowledge is her motto. She strongly feels that students should come up with their own innovative ideas to create a learning ambience in the classrooms. The friendly interactions between the faculty and the students decide the effectiveness of the learning environment where students feel comfortable to groom their innate capabilities and enhance their skill set. According to her being self-driven, each student should take the responsibility of self as well as peers. Hence she wants to promote peer-to-peer learning activities.
